

2 piece set: Electric locomotive 1756 with container carrier wagon, Strukton Rail

7500117 | **EINSTELLER**

railway company: EINSTELLER

369,90€

Set: Electric locomotive 1756 "Charlotte" with a container carrier wagon of the Strukton Rail.

- Version with air conditioning and signal horn box
- Pantograph with an innovative fastening
- Many separately applied plug-in parts, some are etched
- Headlights/taillights switchable with a DIP switch
- Container carrier wagon loaded with a 20' container as an approximated battery wagon

The hybrid locomotive from Strukton is a standard electric locomotive with an additional battery package. This allows the locomotive to run on catenary power system lines at line speed and switch to battery operation at lower speeds on the "last mile". The battery is automatically charged when the locomotive is travelling on electrified tracks.

General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Flywheel	yes
Number of driven axles	4
Number of axles with traction tyres	1
Article number	7500117
EAN	9005033071967
Scale	H0
Epoch	VI
Railway Company	EINSTELLER

Electrical

Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes
Additional light function	yes
Control	DC Analog
Interface	Electrical interface for traction units PluX22

Measurements

Length over buffer	427 mm
